Faults can be reported around the clock via email at support@wessextelecom.co.uk. To report a fault to one of our representatives please call 023 8017 0270 during office hours. However unless otherwise stated in your service agreement, engineers only attend to faults in normal working hours (Monday – Friday 9am to 5:30pm, excluding bank holidays). Faults can occur on our Network, or another operator's network, as well as your own equipment.

If the fault is reported during normal working hours, we will try to establish the location of the fault. We may request that you carry out some simple checks to help us establish the cause of the fault. Repairing faults on our network is part of the maintenance cover we provide with our service. If the fault is not on our network then we may not be responsible for its repair.

We reserve the right to charge for any abortive work or visit arising from faults over which we have no control. Should an engineer need to visit your premises we will agree this with you.
